

## **Warren College Student Activity Fee Referendum**

The Warren College Student Activity Fee is one of the lowest of any college at UCSD at \$10.41 – the highest

being Muir College at \$17.00 – and it has barred the college council from being able to fully support our student

body in matters such as providing funds to students who are underserved and underrepresented, to build

community events and spaces for students to bond and build long-lasting friendships, and so much more. The

overall quality of our events are suffering because of this lack of funding.

Additionally, the price of goods and services has risen heavily since the previous time that Warren raised

our Student Activity Fee. Warren's capacity to hold events and maintain our usual traditions has been

compromised this year because of a lack of funding. Raising the Warren Student Activity Fee will allow for the

council to fully serve its student body for which we are elected to represent. The fee will also be adjusted to account for future inflation based off of the California Consumer Price Index, which monitors the average price increases of goods and services across California.

By voting YES, students are supporting better social events, more funding for student organizations, and

increased financial aid for Warren students.

Current Warren College Activity Fee: \$10.41

Proposed Increase for Fall 2024: \$4.50

Proposed Warren College Activity Fee: \$14.91

Starting Fall 2025, the entire fee will be adjusted by 4% annually to account for changes in inflation, and

the fee will not be assessed during Summer Session. In accordance with University Policy, this fee will be included in the determination of financial aid. The fee increase (\$4.50 per student per quarter in 2024)—and all future inflationary adjustments—will be subject to 29% return-to-aid (RTA) to help meet graduate and professional students' financial aid needs (\$4.32 in 2024). The remaining 71% (\$10.59 in 2024) will be used to fund initiatives including, but not limited to, the items noted above.

Warren College Student Council and its advisors (the Dean of Student Affairs of Warren College, the Asst.

Dean of Student Affairs of Warren College, and the Coordinator of Student Activities of Warren College) will

oversee how the Fee is spent.
